## EXTERNAL FIXATORS

WRIST EXTENAL  
FIXATION

MINI FRAGMENT

LRS

اکسترنال به معنای خارجی و فیکساتور به معنای فیکس کننده و بی حرکت کننده است. اکسترنال فیکساتور وسیله ای است که قسمت اعظم آن در خارج از بدن قرار گرفته و قطعات شکسته شده را در جایشان بی حرکت نگه میدارد. بی حرکتی قطعات شکسته شده محیط مناسبی را فراهم میآورد تا آن ها بهم جوش بخورند
